You can find up-to-date information regarding consumption and CO<sub>2</sub> emissions values/standards at [volkswagen.de/emission](https://www.volkswagen.de/emission).

Fuel consumption in litres/100 km: 5.2–4.1 (combined); CO<sub>2</sub> emissions in g/km: 118–107 (combined); efficiency classes: B–A

---

# Extraordinary in every way.

The T-Cross is as versatile as the people for whom it was built – individuals who refuse to be labeled – because they defy definition. They want more – and they get more. Get ready to be captivated by a car that doesn't fit in any box and is unique in every aspect. Just like you.

# Making the everyday extraordinary.

There's nothing standard about it. Leave convention behind with the T-Cross – from the first time you set eyes on it, its exterior features tell you that. You'll find it hard to look away.

# Exterior and design

01

02

03

**01** You decide which wheels will best enhance the look of your T-Cross. With the wide range on offer, you'll be spoilt for choice. The **18-inch Nevada alloy wheels** are just one option. **OE**

**02** Be a guiding light: the **LED headlights** in the T-Cross make quite an impression thanks to their striking design; the dynamic hockey-stick shape of the integrated LED daytime running light is especially distinctive. Meanwhile, the o-shaped chrome element in the bumper that surrounds the cornering light is guaranteed to draw attention. **ST OE**

**03** Embrace the modern design of your T-Cross. The view from behind is just as arresting – the rear has striking reflector strips and LED tail lights, and is guaranteed to turn heads wherever you go. **S**

# Show your colours.

Go for the optional Energetic Orange design package to make your T-Cross even more striking. It's the perfect option for those who make no compromise when it comes to individuality or character. Be bold! It can be grey out there on the road – but you don't have to be. **OE**

# The Energetic Orange design package

01 The 18-inch K6ln alloy wheels in Hot Orange, for the T-Cross Style, provide a splash of colour that simply cannot be ignored. **OE**

02 The seat upholstery for the central and inner panels is in Orange and Ceramique for a modern, cool aesthetic. The colours certainly enhance the look of the sports convenience seats. **OE**

03 A real eye-catcher: The Transition trim with 3D design in Energetic Orange and Grey is an arresting design highlight. **OE**

03

# Design packages

01

02

03

04

**01** The versatility of the T-Cross is unmatched. With the **design packages Black, Energetic Orange and Bambus Garden Green** available as of the Life equipment line and the **Penny Copper design package** for the Style equipment line, it is guaranteed to stand out from the crowd. **OE**

**02** In nature lies strength. If that's your motto, the optional **Bamboo Garden Green design package** is a great choice for you. The seat central and inner panels are a mix of Turquoise, Orange and Platinum Grey, and the trim in the 3D Transition design in High-Gloss Black and Grey gives a natural feel. **OE**

**03** Do you love simple colours and a sporty style? Then the optional **Black design package** is the perfect fit for you. With interior accents in High-Gloss Black and Grey trim, for example, every journey in your T-Cross will leave a lasting impression. **OE**

**04** You like stylish design – and that should be obvious? Then the **Penny Copper design package** is right for you. 17-Inch Bangalore wheels and the mirror covers in fashionable Penny Copper impress with their stylishness, while on the inside the steering wheel clip and the centre console cover are eye-catching in High-Gloss Copper. **OE**

01 The T-Cross with the **Style equipment line** guarantees exceptional comfort, for example with the front sports convenience seats that are comfortable and provide optimum support for your back. The heated seats ensure that you'll be comfortable even on cold days. And when you

need to cool down, you can use Climatronic air conditioning. Meanwhile, the ambient lighting creates exactly the right mood inside the vehicle. This is augmented by the Lizard trim with polished coverings in the central console. **ST**

# For those who refuse to conform.

When it comes to what you want, do you compromise? This is not an issue with the T-Cross Style, as this equipment line delivers a high level of comfort and many visual highlights.

01

# All eyes will be on you.

With the T-Cross Life equipment line you'll have to get used to being the centre of attention. And that's no surprise, as it has many extras that are hard to ignore.

**01** The Life equipment line is designed to make you feel at home from the outset. The stylish **Pineapple inlays** contribute to a successful interior. Additional highlights make every car journey a pleasant

experience: the air conditioning system, multifunction steering wheel, and Plus multifunction display, for example. **LE**

**02 Lumbar supports** mean extraordinary comfort. These supports will take the strain off your back while you're driving, and foster an optimum sitting position. So if you're on the road for longer periods, lumbar

supports relieve tension in your back muscles while also supporting your spine. **OE**

Fuel consumption in litres/100 km: 5.2–4.1 (combined), CO<sub>2</sub> emissions in g/km: 118–107 (combined), efficiency classes: B–A

Standard T-Cross equipment **SE** T-Cross Life standard equipment **LE** T-Cross Style standard equipment **ST** Optional equipment **OE**

# Real character for real characters.

Even in its basic configuration, the T-Cross has a wide range of equipment that is anything but standard – just like its drivers.

**01** Be certain you're getting high quality. Many equipment features such as the adjustable rear seat bench, **Composition Colour radio** fitted as standard, and Lane Assist contribute to your comfort and safety. **S**

**02** If the worst happens, you can summon help via the integrated **eCall Emergency System**. In the event of an accident, your T-Cross creates a connection with the local emergency services – either manually (at the press of a button) or automatically – to provide important information to the emergency services (within system limits). **S**

01

# Mavericks will like this.

Sometimes you just need to make your escape – in which case you need a companion who's flexible, reliable and ready for any adventure. Meet the T-Cross.

02

**01** Multiple features for added comfort. The front seats with their higher seating position make it easier for you to enter and exit the vehicle and ensure good all-round visibility. The fully **folding front passenger seat** also creates additional space if you need to transport long, compact objects on a regular basis.<sup>1)</sup> **LF** **ST**

**02** Analogue is dead. The **Digital Cockpit Pro** with high-resolution screen can give you information that goes far beyond just the speed and tank fill level. **OE**

<sup>1)</sup> Please always properly secure your loaded items.

# Spontaneity is always a good move.

Life is full of surprises. That's good, because the T-Cross is open to any idea or impulse. With its folding front passenger seat, sliding rear seat bench and boot capacity of up to 455 litres, it is flexible enough to adapt to the situation as it develops. **S** **LF**

**01** The practical **jumbo box** between the front seats is more than an adjustable armrest. It provides space for storing tissues, soft drinks cans and bottles, and much more. There are two USB ports on the rear of the jumbo box – convenient when passengers need to charge their devices. **LF** **ST**

**02** Whether you're putting shopping bags or bulky suitcases in the back, the rear of the vehicle including the luggage compartment has all the space you need. And it's flexible too: the **sliding rear seat bench** can be moved as required. You can slide it all the way forward, fold it down to create a flat loading space or fold down only part of it. The choice is yours.<sup>1)</sup> **S**

<sup>1)</sup> Please always properly secure your loaded items.

02

# Smartly connected, and cleverly online.

With the T-Cross you can always be online, because with the integrated eSIM card makes you seamlessly connected. With even more built-in innovative extras such as Digital Cockpit Pro, this vehicle will give you one thing above all else: the certainty that you're sitting in the perfect car for you. **OE**

# Connectivity

With your smartphone you can be online almost all the time. So why shouldn't your T-Cross do that too?

We Connect<sup>1)</sup> makes your everyday life a little easier and helps you arrive at your destination relaxed. You'll soon be wondering how you managed without the useful real-time information and handy functions. **OE**

**01** Your gateway to Volkswagen's digital services and a direct connection to your vehicle: **We Connect.**<sup>1)</sup> Following one-time activation and registration with your Volkswagen ID, the integrated SIM card in your T-Cross means you're fully connected and can use many practical and innovative online services free of charge. **We Upgrade**<sup>2)</sup> enables you to easily acquire additional functions as required, directly in your car, or via the webshop. Your T-Cross **can also be upgraded**<sup>2)</sup>. In the In-Car Shop, you can equip your T-Cross with additional functions, for example subsequently activating navigation or voice control if you so wish. **OE**

**(Not shown)** The navigation services of **We Connect Plus**<sup>3)</sup> help you to navigate reliably through your day. Receive real-time, up-to-date traffic information about route changes or be warned about traffic incidents. Thanks to intelligent Online Route Calculation, you can respond flexibly to changing conditions and are always on the best possible route. The Online Map Update makes sure that your maps are always current. And with the latest information on filling station prices and available parking spaces, you'll arrive even more relaxed. **OE**

**02** Do you want to use your smartphone apps safely and conveniently in the vehicle? Thanks to **App Connect**<sup>3)</sup>, doing so is easier than ever before. It enables you to conveniently operate selected apps and content directly in your Volkswagen. They are transferred to the Infotainment system's display and can be operated conveniently and clearly in your field of vision. This makes it really easy to access music, news, maps or audio books, for example. Volkswagen offers three interfaces for connecting smartphones with numerous options: Apple CarPlay™, Android Auto™ from Google and MirrorLink®. It's very easy to use Apple CarPlay™ as well as Android Auto™ from Google via the wireless connection option for the Ready 2 Discover, Discover Media and Discover Pro navigation systems. For your Ready 2 Discover navigation system or Discover Media, you can easily buy and install App Connect later via the In-Car Shop<sup>2)</sup> in your vehicle. **OE**

**03** The **Comfort mobile phone interface** makes it possible to have a conversation while driving. One extremely practical feature is the integrated shelf with inductive charging function. An inductive connection on the exterior antenna guarantees minimal disruption to your reception when using the hands-free feature. You can activate it via the multifunction display, the multifunction steering wheel or even the radio touchscreen. **OE**

**04** People who give it their all deserve the best entertainment. With **Streaming & Internet**<sup>4),5)</sup> in your T-Cross, you can enjoy your favourite music wherever you are. To stream music, you just need to log in once with your existing access details, for example from Apple Music. You then get access without using an external device. The Internet Radio service comes with all the advantages you would expect; for example finding and playing live stations and podcasts becomes child's play. The integrated Wi-Fi hotspot also supplies you and your passengers with a stable internet connection, and enables browsing on up to 8 devices.<sup>6)</sup> **OE**

1) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at portal.volkswagen-we.com, and use the services for the full duration of the agreed free period. Please note the additional information on the reverse of this catalogue.

2) To use We Upgrade items, you will need a Volkswagen ID user account, a valid We Connect contract, and your authorisation as the primary user, i.e. your user account being linked to the specific vehicle. In addition, your vehicle must have the technical functions and hardware setup required for the respective We Upgrade. The primary user can also view the We Upgrade functions available for the respective vehicle in the webshop or In-Car Shop.

3) App Connect is compatible with Apple CarPlay™, Android Auto™ and MirrorLink®. To prevent distractions, only certified apps can be started while driving. Please note that some apps are not available for all three technologies and the availability of these technologies may vary from country to country. You will find information about the compatibility of smartphones at volkswagen.de/mobiletelefon, as well as additional information for Apple CarPlay™ at apple.com/de/ios/carplay, for Android Auto™ at android.com/intl/de\_de/auto and for MirrorLink® at mirrorlink.com.

4) The use of streaming services requires a private customer data credit (data plans via eSIM or Wi-Fi tethering), and an existing account with the respective streaming service.

5) To use the Streaming & Internet services and the Wi-Fi hotspot, data bundles can be bought via an external mobile communications partner, Cubic Telecom, and used within many European countries where network coverage exists. Information on prices and supported countries is available at vw.cubictelecom.com.

6) The picture shows the Passat.

# Multimedia

05

**05** The **Discover Media** navigation system features a 20.3 cm (8-inch) touchscreen colour display and intuitive online navigation with Dynamic Road Sign Display. And with mobile online services from We Connect<sup>1)</sup> you can expect a fantastic connection, even when you're on the road. You can also enjoy eight speakers and a Bluetooth connection for mobile phones and two USB ports (type C). **OE**

**06** The **Discover Pro** navigation system with mobile online services from We Connect<sup>1)</sup> a 23.4 cm (9.2-inch) glass-covered TFT touchscreen with colour display, gesture control, and natural voice control for intuitive and convenient operation. The freely configurable home screen can be set up individually to meet your needs. The system also features Dynamic Road Sign Display and wireless app connectivity for Apple CarPlay™ and Android Auto™ via App Connect<sup>2)</sup>. Eight speakers ensure an optimum sound experience – and not just when listening to digital radio via DAB+. **OE**

1) To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at [portal.volkswagen-we.com](http://portal.volkswagen-we.com), and use the services for the full duration of the agreed free period. Please note the additional information on the reverse of this catalogue.

2) App Connect is compatible with Apple CarPlay™, Android Auto™ and MirrorLink®. To prevent distractions, only certified apps can be started while driving. Please note that some apps are not available for all three technologies and the availability of these technologies may vary from country to country. You will find information about the compatibility of smartphones at [volkswagen.de/mobiletelefon](http://volkswagen.de/mobiletelefon), as well as additional information for Apple CarPlay™ at [apple.com/de/ios/carplay](http://apple.com/de/ios/carplay), for Android Auto™ at [android.com/intl/de\\_de/auto](http://android.com/intl/de_de/auto) and for MirrorLink® at [mirrorlink.com](http://mirrorlink.com).

3) If a subwoofer is installed, the boot has a capacity of 375 litres.

4) To use We Upgrade items, you will need a Volkswagen ID user account, a valid We Connect contract, and your authorisation as the primary user, i.e. your user account being linked to the specific vehicle. In addition, your vehicle must have the technical functions and hardware setup required for the respective We Upgrade. The primary user can also view the We Upgrade functions available for the respective vehicle in the webshop or In-Car Shop.

06

07

**07** The **Composition Colour** radio features a 16.5 cm (6.5-inch) TFT touchscreen colour display, DAB+, 4 x 20 watt output, up to eight speakers and also two USB ports (type C). You can also connect your mobile phone via Bluetooth. **S**

**08** Do you need your music to be big on bass? The **BeatsAudio™** sound system from the audio specialists is designed to provide optimum sound in your T-Cross, wherever you're sitting. The subwoofer<sup>3)</sup> produces solid bass tones that are guaranteed to shake you to the core. All speakers are supported by an eight-channel amplifier with 300 watts output – powerful enough to get your head nodding and your passengers singing along. **OE**

**(Not shown)** The **Ready 2 Discover** radio with its 20.3 cm (8-inch) TFT colour display offers you more than contemporary entertainment and information. With its DAB+ support as standard, you can enjoy noise-free reception without any internet connection. Your Ready 2 Discover is also upgradeable and you can expand it to make it a fully-fledged navigation system. If you wish to, you can perform the upgrade for the navigation<sup>4)</sup> yourself on a flexible basis, using the In-Car Shop that's accessible from the vehicle, or via the We Connect webshop at [shop.volkswagen-we.com](http://shop.volkswagen-we.com). **OE**

08

---

# Don't follow the crowd. Go your own way.

Prefer to tread your own path? The T-Cross will assist you here. A host of driver assist systems – such as the Lane Assist lane departure warning system – help you to cope with critical situations or avoid them altogether.

# Driver assist systems

Volkswagen is bringing together all its driver assist systems under the IQ.DRIVE label. A number of these innovative technologies are available in the T-Cross to bring you even greater comfort and safety – and to make mobility even more relaxed.

01 The **Blind Spot sensor** activates LEDs in the relevant exterior mirror to warn you if there is a vehicle in your blind spot.<sup>1)</sup> When reversing out of a parking space, the integrated Rear Traffic Alert system can monitor the area behind your vehicle and warn you of any traffic that crosses this space.<sup>1)</sup> **OE**

02 The **Lane Assist lane departure warning system** can detect – from speeds of 60 km/h – whether the vehicle is unintentionally leaving its lane.<sup>1)</sup> The corrective steering assistance feature prompts the driver to return their attention to the road.<sup>1), 2)</sup> **S**

03 When manoeuvring, the **Park Distance Control** system issues acoustic and visual warnings when it detects obstacles in front of or behind the vehicle.<sup>1)</sup> The integrated manoeuvre braking function can prevent collisions, or minimise their impact, by applying an emergency brake when reversing at speeds up to 10 km/h.<sup>1)</sup> You can activate the manoeuvre braking function at the touch of a button, enabling it to intervene when the vehicle is driving forward as well. **LF ST**

04 The **ACC adaptive cruise control** can help you to maintain a set top speed<sup>3)</sup> and fixed distance from the vehicle in front.<sup>1)</sup> **OE**

05 The **Rear View reversing camera** helps in reversing manoeuvres.<sup>1)</sup> The camera image on the radio display or navigation system shows the area behind the vehicle. **OE**

# On the path to assisted driving: IQ.DRIVE from Volkswagen.

At Volkswagen, IQ.DRIVE stands for all our intelligent driver assist systems – everything that already exists in our company today, that we are developing for tomorrow, or that we want for the future. IQ.DRIVE is also synonymous with innovative ideas that have one clear focus: you. Specifically, your comfort and safety. These are areas in which our driver assist systems are already making a major contribution when it comes to system limits: **avoiding accidents, making life easier, and making mobility more relaxed.** Like the ACC Adaptive Cruise Control for example. It automatically adjusts your speed to match the vehicle ahead, while also maintaining the distance you have set. Or it brakes when needed. Even to a standstill. And everything is automatic. IQ.DRIVE doesn't just assist with driving. The Park Assist system, for example, supports you when looking for a suitable parking space – and of course when driving in and driving out of a parking space. IQ.DRIVE makes technical progress noticeable for you in many ways and at the same time gives you a good outlook on the

future of mobility – where traffic jams and accidents may be a thing of the past. For us, today's assisted driving is just another step on the road to tomorrow's autonomous driving.

1) Within the system's limits.  
2) The driver must be ready at all times to override the assistance system, and remains responsible for driving with due care.  
3) Up to max. 210 km/h.

# R-Line

Some people like to show off their sporty side. The optional R-Line and R-Line Exterior equipment lines make it easier than ever. **OE**

Fuel consumption in litres/100 km: 5.2–4.1 (combined), CO<sub>2</sub> emissions in g/km: 118–107 (combined), efficiency classes: B–A  
Standard T-Cross equipment **SE** T-Cross Life standard equipment **LE** T-Cross Style standard equipment **ST** Optional equipment **OE**

# R-Line exterior

With the strikingly sporty features of the R-Line exterior equipment, all eyes will be on you: from the dynamic front with black-grained radiator grille and the black-grained wheel arch to the athletic rear with R-Line-specific diffuser and bottom of the bumpers in the same colour as the car. The door trim in R-styling and design strips with an R-Line logo on the side panels and front doors will attract even more attention. **OE**

**01** Whether it's with the 17-inch Sebring alloy wheels fitted as standard, or 18-inch Nevada alloy wheels, you can make your T-Cross really shine with a wide choice of wheels. **OE**

# R-Line interior

The R-Line extras give the T-Cross a sportier appearance inside as well – with the multifunction sports steering wheel in leather with an R-Line logo and decorative stitching, the stainless steel pedals and the sports convenience seats in Carbon Flag fabric. Come on in and be inspired by the premium interior equipment. **OE**

**02** Sporty: the **inside of seat bolsters** made from ArtVelours microfibre with embroidered R-Line logo. **OE**

**03** Elegant: the front **sill panel trims** with R-Line logo. **OE**

**04** Premium: the **interior** with R-Line details and Race trims. **OE**

Fuel consumption in litres/100 km: 5.2–4.1 (combined), CO<sub>2</sub> emissions in g/km: 118–107 (combined), efficiency classes: B–A

Standard T-Cross equipment **SE** T-Cross Life standard equipment **LE** T-Cross Style standard equipment **ST** Optional equipment **OE**

# Volkswagen Accessories

01 Original accessories for a striking offroad appearance: the silver anodised aluminium **running boards** with anti-slip coating give the vehicle a distinctive, robust look. **OE**

02 The high-quality aluminium **sill panel trims** with T-Cross lettering protect the heavily used entrance area, and are an eye-catching feature in themselves. Each set consists of two trims for the front door sills. **OE**

03 The **load sill protection in stainless steel look** is a visual highlight and protects the paintwork when loading and unloading. **OE**

04 The **sill panel trim** in a chrome look really draws the eye while also protecting the edge of the boot lid, and is simply adhered to the vehicle. **OE**

**05** The **premium bicycle carrier** is specially designed to transport two bicycles or e-bikes. Folding open the carrier bracket automatically fixes the bicycle carrier onto the ball head and fastens it in place with ease. The carrier is particularly light and has an attractive minimal design. The removable spacers with anti-theft mechanism make the carrier extremely simple to use. The foot pedal allows the carrier to be folded down extra wide thanks to its large fold-down angle (90°). This means you can still access the luggage compartment with ease – even in vehicles with a large boot lid. When not in use, the bicycle carrier can be folded up completely and stowed in the luggage compartment to save space. The number plate holder with Volkswagen logo rounds off the Premium carrier. A transport bag to protect the carrier and a ramp for easy loading of heavy bicycles are available as options. **OE**

06

07

08

09

**06** The **bicycle carrier**, consisting of an aerodynamic plastic profile with a frame bracket, is lockable and has been city crash tested. It can be secured to the roof bars in an instant. **OE**

**07** The robust, lockable **roof box**<sup>1)</sup> in High-Gloss Black is made of high-grade plastic and is easy to attach to the cross bars thanks to practical quick-release fasteners. It can be opened from the driver and front passenger side and the extra-wide opening angle makes for easy loading and unloading. The roof boxes are available with a capacity of 340 or 460 litres. **OE**

**08** The **cross bars** form the basis for all roof attachments. They are robust, light and, above all, can be quickly attached to the roof railing. The anti-theft locks protect you from nasty surprises. **OE**

**09** Whether you want to tow a boat or caravan, or you need additional storage space, you will need the right equipment to do it. The **towing bracket** is available in a fixed or detachable version. It includes a 13-pin electrical installation kit to guarantee the electrical supply and thus the safe use of the trailer. **OE**

<sup>1)</sup> For vehicles with a rod antenna, the antenna may come into contact with the roof box, depending on the vehicle model and length of the antenna. If necessary, the antenna should be removed. Depending on the vehicle configuration or model selection, there is a risk of colliding with an open boot lid as a result of different lengths between the roof box and the vehicle.

10 These carwash-resistant **wind deflectors** are manufactured from high-quality acrylic glass. Optimal ventilation of the vehicle interior increases your driving comfort by improving the atmosphere inside the vehicle; Enjoy the fresh air even when it is raining or snowing outside, and avoid the unpleasant build-up of heat on hot days by opening the windows slightly.

OE

10

11

12

13

11 The transparent **load sill protection film** reliably protects the load sill against scratches when loading and unloading. OE

12 The perfectly fitting, non-slip **luggage compartment liner** reliably protects the luggage compartment from dirt and moisture. When not in use, it can be rolled up and easily stowed away to save space. Available for the T-Cross with a variable and low luggage compartment floor. OE

13 Soft and gentle velour on one side and sturdy, anti-slip plastic nubs on the other: the custom-fit **reversible luggage compartment mat** ensures the perfect surface, no matter what you are transporting. Where necessary, a built-in protective cloth can be folded out over the loading edge to protect it when loading and unloading. OE

14 The high-quality **Premium textile floor mats** with T-Cross lettering are made from hard-wearing, thick-woven velour with an abrasion-proof coating on the reverse and white edging. They enhance the footwell and protect it from dirt. OE

15 The **Optimat textile floor mats** combine the features of rubber floor mats with the elegance of textile floor mats. The U-shaped edge of these tailor-made textile floor mats safely retains dirt and moisture. The integrated fixing system and antislip coating on the rear side prevent the mats from slipping. OE

16 The high-quality **sill panel trim films** protect the paint on the heavily used door sills and customise the vehicle's appearance. Colour: Black/Silver, set of 4 OE

17 Protect your own vehicle and the one behind from flying dirt, impacts from dangerous stones, and spray water, with these extremely durable **mud flaps** for the front and rear. OE

14

15

16

17

**18** The **G2-3 ISOFIT child seat** with removable backrest. Children weighing 15 to 36 kg (approx. 3 to 12 years) travel safely and comfortably thanks to height-adjustable sleep support and the individual adjustment of the height and incline of the seat. The seat is attached using the vehicle's ISOFIX anchor points. The child is secured in place using the three-point seat belt. Your local Volkswagen Dealer will be happy to provide you with details on the full range of child seats. The easy-to-clean and non-slip seat cover with practical net pockets provides additional protection for delicate seats. **OE**

**19** Snacks at the right temperature for every occasion: the **cool & thermal box** can simply be connected to a socket in the car or at home. Two-litre bottles can be transported upright in the box, which has a total capacity of approximately 25 litres. **OE**

**20-25** Practical, comfortable and flexible: the modular **travel and comfort system** is a true all-rounder, and helps to create the impression of a neat and tidy vehicle interior. In addition, important objects are easily reached or operated by passengers in the rear seat. The system consists of a **base module** which is fixed between the front seat headrest bars, and various additional modules available separately. These include, for example, a portable **clothes hanger**<sup>1)</sup>, a sturdy **bag hook**<sup>1)</sup>, swivelling tablet holders for models from various manufacturers, the new **action camera holder** and an adjustable **folding table with a cup holder**<sup>2)</sup>. With this system, breaks from driving are more enjoyable and comfortable than ever. One holder, many options: all modules can be mounted onto the base module and interchanged as required. **OE**

**26** Charging devices in your car is finally both convenient and reliable! The **DUCI (double USB charger insert)** enables your mobile devices to be rapidly charged via two USB interfaces. Just insert the DUCI into the cigarette lighter, and it will integrate perfectly into your vehicle due to its special design. The white LEDs not only look good, but will also help you locate the USB connection quickly even in darkness. **OE**

**27** You can use the **premium USB cable** to conveniently connect your smartphone or other mobile devices to the Infotainment system of your vehicle. This means that functions such as App Connect are easily accessible – and your device will be charged at the same time. At 30 cm or 70 cm in length, the cables feature a high-quality fabric sleeve and chrome-plated metal plug with Volkswagen logo. A range of versions are available. **OE**

**28** The **LED reading light** can be used anywhere, is connected to the cigarette lighter and provides 20 lumens of light output with only one watt of power. The flexible gooseneck facilitates very precise positioning of the lamp. **OE**

**29** The **SmartphoneClaw universal smartphone holder** will keep your mobile device firmly in place. The holder, with its 3-point grip mechanism, is able to securely hold devices up to 158 x 78 x 7 mm (height, width, depth) in size. **OE**

1) Can only be used if there is no passenger on the rear seat bench position that is behind it.  
2) Must be folded up during travel if a passenger is seated on the rear seat bench position that is behind it.

# Volkswagen Lifestyle

**01** This narrow bag transforms into a large, sturdy box and back in a matter of moments. The lightweight, anthracite-coloured **folding box** with Volkswagen logo carries up to 30 kg, is convenient to handle and easy to clean. The material is tear-resistant, water-repellent and dirt-resistant. **OE**

**02** This round towel made of high-quality **cotton** terry is original and practical, as well as being soft, thick and absorbent. It can be used as a beach or bath towel, as a play mat or even as a picnic blanket. The new Volkswagen logo is woven in and spans the entire diameter of the fabric. **OE**

**03** This **stick umbrella** developed by Volkswagen Design is equipped to keep you dry in the rain – reliably, quickly and comfortably. Cover made from polyester with Teflon® coating open/close mechanism, fibreglass/aluminium ribs, 3-part metal shaft and plastic handle. The pictogram on the trigger button, including Volkswagen inlay on the handle, is a striking visual feature. **OE**

**04** Coffee to go, in Volkswagen style! The double-walled, dark blue **thermos cup**<sup>1)</sup> is equipped with a vacuum that keeps the liquid at the temperature it was when the cup was filled, either hot or cold, for an extended period of time. The special design touch in this sleek, slender cup is the sophisticated colour combination of dark blue surface, black ring and silver-coloured lid. **OE**

**05|06** Volkswagen **watches** make checking the time a visual treat. An elegant flat stainless steel housing and dial with date display and subtle Volkswagen lettering form the distinguishing feature of both timepieces. The straps are made from leather and a Volkswagen logo can also be found on the crown. **OE**

<sup>1)</sup> Please note: after the thermos cup has been used, some liquid may remain in the lid which can spill from the thermos cup if it is not kept upright. We therefore recommend drinking this excess liquid from the lid with the thermos cup closed.

**07** Understatement makes a statement! This blue **t-shirt** has a tone-on-tone front print of the new Volkswagen logo, making a statement clearly but unobtrusively. **OE**

**08** Clean, stylish and with the New Volkswagen spirit. This blue **sweatshirt** conveys your enthusiasm for Volkswagen and is also an expression of your individual style. The front has a tone-on-tone print of the new Volkswagen logo. **OE**

**09** Keep warm! Stay stylish. This dark blue **knitted beanie** in the New Volkswagen style features a subtle design. The bright yellow label bearing the Volkswagen logo creates a subtle highlight on the hem. Keep up with the latest trends with this fisherman-style beanie. **OE**

**10** Be dazzled – but only by how they look. These black **unisex sunglasses** with distinctive white Volkswagen logo on the temples do not just catch the eye, but also eliminate distracting reflections thanks to their Polavision lenses. They also provide your eyes with 100% protection against UV radiation. **OE**

**11** Wiped clean in the blink of an eye: use the **microfibre cloth** to quickly and efficiently remove fingerprints and other dirt from touch displays and high-gloss surfaces with no need for cleaning agents. The cloth is strong and washable, and is embossed with the Volkswagen logo. **OE**

# Discover Volkswagen's automotive world.

## The Autostadt – a journey to the world of mobility.

Collecting your new car will be a memorable experience for you with your partner or your whole family at the Autostadt in Wolfsburg, the communication platform of the Volkswagen Group and its brands. On an area of 28 hectares, you can experience a unique microcosm that spans everything from the historic cars at the ZeitHaus museum drawn from over 130 years of automotive history, through the pavilions of the Group brands and to the GroupForum, which takes a closer look at topical questions relating to mobility and society. Or you can put your driving skills to the test on one of our off-road or safety training courses. Children will also find plenty to experience with small electric cars for them, while a wide choice of restaurants and cafés invites the whole family to take a break. The RitzCarlton 5-star superior hotel in Wolfsburg offers a touch of luxury. Its chef Sven Elverfeld – Chef de Cuisine of AQUA – was awarded three stars by the Guide Michelin gourmet guide. When it's time for you to collect, your own personal customer adviser will guide you to your new vehicle. The adviser will hand over your keys and explain the most important features in your vehicle. You'll then have the chance to test everything you've learnt on your way out of the Customer Centre. You'll round off this brief vacation by driving home in your brand new Volkswagen. To make sure your visit is a truly unforgettable experience, there is a day planner available on the Autostadt website. Use it to research the many highlights of our automotive theme park in advance and plan your trip free of hassle. Find out more at [autostadt.de/tagesplaner](http://autostadt.de/tagesplaner) or by calling the

free<sup>1)</sup> hotline at **0800 – 288 678 238**. This puts you in touch with the staff in our Customer Care Centre, who will help you to organise the perfect day. Of course, you can also obtain all the necessary information from your local Volkswagen Dealer.

**Volkswagen Driving Experience.** Discover breathtaking landscapes or brush up on your driving skills in a training course with the Volkswagen Driving Experience tours. Find out more about the programme by calling: **+49 711 389 500 30** or visiting [www.volkswagen-driving-experience.com](http://www.volkswagen-driving-experience.com).

**Service guaranteed.** Help is at hand wherever you need it: there are around 2,000 Volkswagen dealers in Germany, all of whom offer a comprehensive range of vehicle services. Please visit us or contact us by phone, free of charge<sup>2)</sup> on the Volkswagen Customer Care hotline **0800 – VOLKSWAGEN (0800 – 86 55 79 24 36)**.

**Quality guaranteed.** In addition to the statutory warranty, you receive a two-year Volkswagen guarantee<sup>2)</sup> for all new Volkswagen cars and, for the body, a three-year guarantee against paint defects and a 12-year guarantee against corrosion perforation<sup>2)</sup>.

**Mobility guaranteed.** Breakdown service, replacement car or overnight accommodation in a hotel. If you have your Volkswagen serviced at the recommended intervals, you can enjoy the benefits of the LongLife mobility guarantee in Europe. Call the emergency hotline free of charge<sup>1)</sup> on **0800 – VW SERVICE (0800 – 8 97 37 84 23)**.

**Volkswagen Financial Services.**<sup>3)</sup> Those who decide on a new Volkswagen expect high standards of quality from their car. And also from the financial services provider giving them comprehensive advice on all matters concerning the transaction. Here, Volkswagen and Volkswagen Financial Services are a perfect combination: Volkswagen Financial Services has attractive offers specifically tailored to the needs of Volkswagen drivers. Take advantage of our expertise as a financial service provider of innovative mobility products and choose from our modern insurance products and related services. With Volkswagen, you'll never find yourself at a standstill on the road or when it comes to financial matters. Speak to your Volkswagen Dealer for a personalised financial services offer.

**Volkswagen Extended Warranty.** Opt for up to five years of warranty. There are nine types of extended warranty available across all model ranges from the up! to the Touareg; options vary in terms of total coverage period and mileage. For more detailed information, contact your Volkswagen Dealer.

- 1) Only applies to national calls.
- 2) All details of the Volkswagen guarantee and the Volkswagen paint and bodywork guarantee apply solely to vehicles of the Volkswagen brand in accordance with the current range of vehicles offered in the Federal Republic of Germany and which are issued together with the Germany Guarantee Conditions (for the German market) from Volkswagen AG.
- 3) Subsidiaries of Volkswagen Financial Services AG and its affiliate, Volkswagen Bank GmbH, provide a variety of services as Volkswagen Financial Services. These are banking services (provided by Volkswagen Bank GmbH), leasing services (provided by Volkswagen Leasing GmbH), insurance services (provided by Volkswagen Versicherung AG, Volkswagen Autoversicherung AG) and mobility services (provided by Volkswagen Leasing GmbH among others). Insurance products of other providers are also offered.

The services offered on these pages apply only to the German market. Your Volkswagen Dealer will be happy to provide you with details on the products available in your country.

volkswagen.com

To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at [portal.volkswagen-we.com](http://portal.volkswagen-we.com), and use the services for the full duration of the agreed free period. The use of mobile online services from We Connect is made possible by an integrated internet connection. Where network coverage is available, the data costs incurred in this context within Europe are borne by Volkswagen AG, with the exception of Streaming & Internet services and In-Car Apps. To use the Streaming & Internet services, individual In-Car Apps and the Wi-Fi hotspot, data bundles can be bought via an external mobile communications partner, Cubic Telecom, and used within many European countries where network coverage exists. Information on prices and supported countries is available at [vw.cubictelcom.com](http://vw.cubictelcom.com). Alternatively, it is possible to use internet radio, hybrid radio, and media streaming via a mobile end device (for example a smartphone) that is enabled to function as a mobile WiFi hotspot. In this case, the corresponding services are available only in conjunction with an existing or separately concluded mobile contract between you and your network provider, and only where coverage by the corresponding mobile network is available. Depending on your mobile phone tariff, receiving data from the internet may incur additional charges, particularly if you are using the phone abroad (e.g. roaming charges). To be able to use the free We Connect app, you need a smartphone with a suitable iOS or Android operating system and a SIM card with data option with an existing mobile phone contract between you and your mobile phone company or a contract concluded separately for this purpose. The availability of the individual We Connect and We Connect Plus services described in the packages may vary from country to country. The services are available during the agreed contractual period and may be subject to amendments or ceased throughout the duration of the contract. For more information, visit [connect.volkswagen-we.com](http://connect.volkswagen-we.com) or contact your Volkswagen Dealer. For information regarding your mobile phone tariff, please contact your network provider.

The specified consumption and emissions values were obtained using the legally required measurement procedure. Since 01/09/2017, certain new vehicles have been type-approved according to the Worldwide Harmonised Light Vehicle Test Procedure (WLTP), a new, more realistic testing process for measuring fuel consumption and CO<sub>2</sub> emissions. The WLTP will gradually replace the New European Driving Cycle (NEDC) from 01/09/2018. Due to the more realistic testing conditions, the fuel consumption and CO<sub>2</sub> emissions values measured according to the WLTP are often higher than those measured under the NEDC. This may result in corresponding changes to vehicle taxation from 01/09/2018. Further information about the differences between the WLTP and NEDC is available at [volkswagen.de/wltp](http://volkswagen.de/wltp). It is currently still mandatory to include NEDC values in communications. For new vehicles that have been type-approved according to the WLTP, NEDC values will be derived based on WLTP values. The WLTP values can additionally be provided voluntarily until they become mandatory. If NEDC values are specified as a range, they are not based on any individual vehicle and do not form part of the offer. They are provided purely for comparison purposes between the various types of vehicle. Additional equipment and accessories (attachments, tyre format, etc.) could change relevant vehicle parameters, such as weight, rolling resistance and aerodynamics. As well as weather and traffic conditions and personal driving style, these add-ons could also affect a vehicle's fuel consumption, power consumption, CO<sub>2</sub> emissions and performance. Further information regarding official fuel consumption and the official, specific CO<sub>2</sub> emissions for new passenger vehicles is provided in the publication "Guidelines on fuel consumption, CO<sub>2</sub> emissions and electricity consumption of new cars", which is available free of charge from all points of sale and DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Straße 1, 73760 Ostfildern/Scharnhausen, Germany ([www.dat.de/co2](http://www.dat.de/co2)).

The vehicles shown in this catalogue may be fitted with optional equipment. All of the information regarding equipment and technical data is based on the characteristics of the German market and corresponds to the knowledge available at the time of printing. Your local Volkswagen Dealer will be happy to provide you with details on the products available in your country. Subject to change, errors excepted. DSG® and TSI® are registered trademarks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a mark is not shown with an ® sign in this document cannot be interpreted to mean that this mark is not a registered mark and/or that this mark can be used without prior approval in writing from Volkswagen AG. Volkswagen provides for the return and recycling of end-of-life vehicles. As such, all Volkswagen vehicles can be recycled and, subject to fulfilment of legal prerequisites, can be returned free of charge. You can obtain further details of this from your Volkswagen Dealer, on our website at [volkswagen.com](http://volkswagen.com) or by calling 0800 – VOLKSWAGEN (0800 – 86 55 79 24 36) which is free of charge in the Federal Republic of Germany.
