

The Touareg

Specification guide

Singapore

Signature **look**

The Touareg breathes fresh air into the premium SUV class with impressive proportions, pioneering technology and the widest range of assistance, handling and comfort systems ever integrated within a Volkswagen. LED lights to the front and rear, underlined by striking 20 to 21-inch alloys depending on your chosen model, create an athletic look. Add to that an impressive specification, quality craftsmanship and technologically advanced infotainment systems that offer incredible levels of functionality and customisation – not to mention the ground-breaking off-road capabilities of the R-Line and you can see why the Touareg is raising the bar once again.

Interior **comfort**

The exterior may be sporty and dynamic, but inside all is calm and relaxed, thanks to a combination of spacious design, exacting craftsmanship and technologically advanced comfort. Take for example the 14-way ergoComfort front seats, with electric adjustment for the seat height, seat length, seat cushion angle, backrest angle and 4-way electrically adjustable lumbar support. On the R-Line, active front climate seats with massage function offer the addition of eight individual pneumatic massage settings for the driver and front seat passenger. The 'Gloss Black' centre console features 'Silver' decorative inlay, while the leather-trimmed multifunction steering wheel and gear knob is finished with 'Gloss Black' inlay and aluminium trim, giving the cabin a sporty elegance.

Enhanced **safety**

Volkswagen is constantly developing innovative technology to help keep you safe and enhance your driving experience.

Providing more assistance systems than ever before, the Touareg is well equipped to handle unexpected traffic situations confidently and capably, and now even in the dark.

01 Traffic Jam Assist on the R-Line is a camera and radar sensor controlled warning system that helps you keep your distance in congested traffic and avoid a typical congestion type collision.

02 Front Cross Traffic Assist on the R-Line uses radar technology to detect vehicles or pedestrians approaching from the side, providing invaluable assistance in the case of blind exits and junctions, where you have to 'nose out' slowly to see what's coming.

03 Front Assist with City Emergency Braking System monitors the traffic situation in front of your car, warning you when you get too close and even applying the brakes to help avoid collision.

Technical Data

Enhanced **safety**

- 04 Area view** provides a 360-degree display of your Touareg in the infotainment display, transmitting information via four cameras to the front, the sides and the rear.
- 05 Adaptive Cruise Control (ACC)** automatically adjusts your speed to that of the vehicle in front, ensuring you keep a specified distance.
- 06 Park Assist Plus** allows you to drive fully automatically into parallel and perpendicular parking bays both forwards and backwards instead of just semi-automatically. As soon as the Touareg recognises a suitable parking space, the driver presses and holds the Park Assist button (Drive button) – and the parking manoeuvres start. For this purpose, the Touareg uses a total of twelve ultrasound sensors and the four cameras of the Area View system (at the front and rear and in the exterior mirrors). For the camera images, Volkswagen makes use of progressive sensor fusion, which significantly increases the accuracy of object detection.
- 07 Lane Assist** makes use of cameras to monitor lane markings to ensure that the Touareg stays in its lane. If the Touareg is veering out of its lane yet there is no input from the direction indicators to signal any intended lane change, Lane Assist automatically intervenes by gently correcting the steering to keep the Touareg in line.
- 08 The Proactive occupant protection system** uses the sensors from the Electronic Stability Control (ESC) and the Front Assist traffic monitoring system to detect critical situations with elevated accident potential.

Images shown are for illustrative purposes only and may not necessarily reflect Singapore specifications.

Unparalleled **performance**

The Touareg R-Line is designed to provide exceptional ride comfort and is at home on nearly every type of terrain. A choice of driving modes gives you exceptional mobility even on unstable surfaces, while features such as the front underbody protection give you the capability to tackle even the toughest conditions wherever your travels may take you.

01 Air suspension ensures you enjoy ultimate driving comfort on every trip, adapting the height of the car to the terrain, with a choice of Normal, Comfort, Off-road and Special Off-road driving profiles.
02 Thanks to **rear-axle steering**, cornering on twisty roads and parking on city streets is a whole lot easier in the Touareg.

Images shown are for illustrative purposes only and may not necessarily reflect Singapore specifications.

Technical Data

Intuitive **experience**

With a prime elevated driving position, a cockpit ergonomically designed around the driver and an impressive range of driver assistance systems, practical innovations and advanced technology at your fingertips, you can expect exemplary levels of comfort and convenience inside the Touareg. And of course, everything is within clear sight and exactly where you need it to be.

01

02

03

01 Front ergoComfort seats

Active front climate seats are available on the R-Line.

02 Climate control – 4Zone electronic air conditioning with automatic air recirculation on the R-Line

03 The generous boot space, along with the modular sliding and reclining rear seats that split and fold in a 40:20:40 ratio.

04 The effortless power latching function automatically closes all the Touareg's doors completely shut when ajar.

05 Keyless entry/keyless start and full electric tailgate operation allow you to open and start your Touareg without taking the key out of your pocket.

INNOVISION COCKPIT

One-screen digital instrument and
infotainment display comprising:
Digital Cockpit, 12.3" customisable
digital instrument display and Discover
Premium, 15" touch-screen
infotainment system

IN-CAR ENTERTAINMENT AND COMMUNICATIONS

'Discover Premium' infotainment system
with navigation
- 15" colour touch-screen
- Built-in navigation data with 2D/3D
map view
- App-Connect smartphone connectivity
including Apple CarPlay™, Android
Auto™ and MirrorLink™
- Volkswagen Media Control, allows
remote control of the infotainment
system via smartphone or tablet
- 'Gesture Control'
- Voice activated control system for
telephone and navigation functions
- SMS functionality - read, compose and
send SMS messages using touch-screen
display (when stationary, compatible
Android smartphones only)
- Bluetooth telephone and audio
connection with simultaneous pairing
of 2 compatible mobile devices
- 'Think Blue. Trainer.' Driver tips and
journey analysis
- 8 speakers

SAFETY AND SECURITY

Airbags
- Curtain airbag system for front and rear
seats with side impact airbags for
front seats
- Driver's and front passenger's
airbags with passenger's airbag
deactivation switch

Anti-theft alarm system with interior
monitoring, backup horn and towing
protection

ESC (Electronic Stability Control)
including EDL (Electronic Differential
Lock), ASR (Traction Control)

ISOFIX mounting points for securing
2 child seats on rear outer seats

Tyre pressure loss indicator

Disc brakes in front and rear

First aid box and warning triangle

COMFORT AND CONVENIENCE

Keyless entry including Start/Stop button
on centre console

Benefits of Volkswagen Cares

3 Years
Free Servicing

Cover all maintenance costs as per standard maintenance schedule

5 Years
Warranty

Complimentary manufacturer's warranty for your peace of mind

5 Years
Roadside Assistance

24-hour assistance service in the event of accidents

Benefits of Volkswagen Service

Express Service

Get your car back in three hours. This fast-track minor/major servicing includes Service Advisor dialogue, quality control, and a car wash.

* Express Service is strictly on an appointment basis only. Any additional concerns, rectifications or replacement of parts will not be classified as Express Service.

Free Shuttle Service

While waiting for your car to be serviced, a complimentary shuttle service is available to take you to and from nearby MRT station.

Time for an LTA inspection?

Reduce the chances of a re-inspection, with a thorough pre-check carried out by our technicians. If any rectification work is required, you'd be notified at once.

Your Benefits:

- Hassle-free, one-stop inspection service.
- The certainty that your car is ready for the roadworthiness inspection.
- Pre-check is free with any scheduled servicing.

Frequency:

Vehicle age, below 3 years: Nil | Vehicle age, 3 to 10 years: Every 2 years | Vehicle age, more than 10 years: Annually

100% Genuine Parts

Our service centre uses only Volkswagen Genuine Parts®. That means durable, reliable and optimal performance. To top it off, they're covered by a two-year unlimited mileage warranty.

Dealer Standard

With direct supervision from headquarters, experience reliable servicing that adheres strictly to factory guidelines.

Vehicle Warranty*

The protection against component repair and replacement cost, as well as the assurance that your car is repaired by an authorised Volkswagen workshop.

100% VW Trained Staff

All our Technicians and Service Advisors are certified under Volkswagen Group stringent supervision.

Pre-travel inspection

Going on a road trip? Minimise the risk of possible adverse events and breakdowns when you send your car for a pre-travel inspection.

Your Benefits:

- A thorough check, including on-board diagnostic test with the Volkswagen diagnostic tester.
- Peace of mind knowing your car is in good travelling condition.
- Pre-travel inspection is free with any scheduled servicing.

24-hour Roadside Assistance

No matter where you are or what time of the day it is, Volkswagen Roadside Assistance is available to give you a hand. We're only a call away. Just call our hotline at **+65 6333 8800**, and we'll be there to help.

Accident Reporting and Insurance Renewal Centre

In the event of an accident, rest assured that our insurance service advisor will provide comprehensive guidance to your accident reporting and vehicle repair.
